

Tools for Evolution

By The Jewelry Factory

Marcel Vogel found that, after working with raw quartz crystals, each one provided a unique signature vibration.

By precisely faceting raw quartz, Vogel was able to produce a consistent vibratory pattern that belonged to each cut.

In effect, by precisely faceting the quartz, we "tune" the crystal, providing a coherent base program that the crystal will then hold and perform for us.

Star of David™

BALANCE & PROTECTION

This cut symbolizes and depicts the marriage of male and female, heaven and earth, humanity and divine.
